Cointelegraph covers fintech, blockchain and Bitcoin bringing you the latest crypto news and analyses on the future of money.

Cointelegraph is committed to providing independent, high-quality journalism across the crypto, blockchain, AI, and fintech industries. To support open access to our website and sustain editorial operations, certain commercial or partner references may appear on our site. These arrangements help maintain an accessible platform and do not result in additional costs to readers. Editorial decisions are never influenced by commercial relationships. All news, reviews, and analysis are produced with full journalistic independence and integrity. For more details on our standards and processes, please read our [Editorial Policy](#). All sponsored and commercial content, including press releases, is clearly labeled and reviewed for accuracy, disclosure and compliance. All partners are reviewed prior to entering any paid partnership.
